

Learn Mandarin Chinese with Follow Jade!

Hosted by teacher Jade Qian, Follow Jade! video series helps children learn to speak Chinese with songs, stories, games and glimpses of everyday life in China.

- * Chinese is one of the world's most-spoken languages.
- * For ages 2~6: the best time to learn a second language.
- * Growing market: Increased number of Chinese learners and families with children from China.

Follow Jade! engages viewers with everyday scenes and conversation with young children. Jade introduces words in their cultural context, followed by reinforcing games and songs. Viewers gain confidence as they imitate her careful enunciation of each new word. Actual scenes of life in China add to the authenticity of the production. By the end of each video, kids-and their parents-will be speaking in Chinese!
